

Geography 5-7 page Semester Paper Instructions

As with any written assignment, this paper must be in your own words, no copying or pasting or any other plagiarism will be tolerated. You may not summarize a whole website for your biography, use multiple resources, both on-line & textual. You must use at least 5 different resources that are cited in your text using APA format. Of those 5 different resources, at least two them should be books, journals, magazines, not all web sites. A works cited page is required at the end of the paper. A title page is required, you may use 1" margins for your paper. You must use 12-point font in either Times, or Arial, font. Double-space your paper.

You are to use the information that you have gathered and analyzed about your country to write this paper.

This paper is to be an informative paper about the country that you chose.

Your paper will start off with an introduction. (Half a page)

Then cover the country's culture, history, economy, government, & physical & climatic features. You do not need to include all of the information that you have learned; only the most important that gives a complete geographic description of the country. (4-5 pages)

In the final part of your paper you will answer the following questions: 1.) How has the physical characteristics affected the culture/history/economy/government of the country? 2.) How has the aspects of the country that you have studied either made the country successful/stable or unsuccessful/unstable? You will then conclude your paper. (One page)

Each section of the paper will be worth a specific amount of points as shown below.

Your paper should have an outline with the above-mentioned details specifically stated as follows:

Intro	10 points
